

Snyderville Basin Recreation District

Trails Dog Waste Station Services

Quotes must be received by 6/30/2023 at 12:00pm to be considered

The Snyderville Basin Special Recreation District (The District) invites you to respond to this quote request for servicing the district trails and trailhead dog waste stations in the Park City area.

Please submit a quote to service dog waste stations as described in the Scope of Work below. The District wishes to have this work done year-round, three times a week. Please submit your bid via email to dave@basinrecreation.org before 12:00 pm on **Friday, June 30th, 2023**.

Please provide the following information with your bid:

- **A cost estimate for monthly service of the dog waste stations listed below**
 - **Factor in whether the district or the bidder will provide dog waste bags and trash bags**
- **List of recent jobs of similar scope and scale with names and contact info**

The Scope of work identifies tasks to be completed for dog waste stations at district trails and trailhead locations. Service provider must report any issues or damage to the stations to the district trails management or maintenance personnel upon discovery. The District will be responsible for repairs/replacement of dog waste stations.

The following tasks will be completed 3 times per week:

- Monday / Friday (Full Tour): all dog waste stations (per list below) to have trash removed and dog waste bag tabs replaced.
- Wednesday (Half Tour): half of dog waste stations (per list below) to have trash removed and dog waste bag tabs replaced.
- Some stations require larger trash and recycle bags to be replaced at locations.
